Response to the Reviewers

Manuscript TXXX-2026-XXXX: "A Template for IEEE Publications"
First A. Author, Second B. Author, and Third C. Author

Dear Editor and Reviewers,

We thank you for the careful reading of our manuscript and for the comments, which helped us improve it. Below we answer each comment in turn. Reviewer comments are in *italics*, and text quoted from the revised manuscript is in blue. In the revised manuscript, changes are marked in blue and each change made for a specific comment carries that comment's tag (e.g., R1.1) in the margin.

Response to the Associate Editor

Comment AE.1: *Summary comment from the Associate Editor.*

Response: Our reply, pointing to the specific changes listed below.

Response to Reviewer 1

Comment 1.1: *The motivation for the proposed method should be explained more clearly.*

Response: We agree and have rewritten the second paragraph of Section I (page 1, tag R1.1). It now reads:

> Changes made for a specific reviewer comment carry that comment's tag in the margin.

Comment 1.2: *Second comment from Reviewer 1.*

Response: Reply to the second comment.

Response to Reviewer 2

Comment 2.1: *First comment from Reviewer 2.*

Response: Reply to the first comment from Reviewer 2.

Sincerely,
First A. Author, Second B. Author, and Third C. Author
